

### **How can I help the CANSEARCH Foundation?**

- ◆ Any action or event organized by a third party of the CANSEARCH Foundation must respect the following guidelines:
  - ⇒ Contact the Secretariat of the Foundation to inform and discuss the action that will be implemented, to ensure that it is faithful to the beliefs and undertaking of the Foundation
  - ⇒ Use the Foundation's *official* logo in any promotional material or invitation to an event.
  - ⇒ Validate by the Secretariat of the Foundation the texts relating to the mission and projects of the Foundation before any paper publication or Internet posting.
  - ⇒ Request official documentation from the Secretariat of the Foundation for distribution to third parties.
  - ⇒ Use promotional items from the Foundation, such as caps, t-shirts, pens, notepads, etc. where appropriate
  
- ◆ When an event is organised by a third party to the Foundation, the Secretariat will make itself available to the third party to help it carry out its action. The Secretariat will make themselves available for advice including, the re-reading of documents, or connecting the third party with certain contacts, however it must be clear that the Secretariat is not the co-organizer or the co-financer.
