

Dear friends, dear partners,

You were one of the people who ran, walked or donated for CANSEARCH at the Race for Gift in 2019. Thanks to you, your athletic effort, your motivation, your generosity, a wonderful collection of donations could be realized last year. We were very touched by your participation and enthusiasm. Once again, from the bottom of our hearts, THANK YOU. Thank you for the children. Thank you for the research. Thank you for helping us to continue moving things forward.

This year, the Race for Gift could not take place. So we are offering you another challenge, each on their own, but in a joint effort. You can decide on this challenge yourself, set it up alone or with a few friends or colleagues. By calling on your creativity, your desires, your possibilities, we give free rein to your imagination.

**All your actions together make us stronger.**

The challenge will have a dual purpose: to raise funds from those around you by carrying out your action, and to expand the CANSEARCH community by nominating others in your network to carry out a challenge for our cause. The challenge must be completed by September 30, 2020.

It's easy to raise funds. Simply register on the GivenGain platform (<https://www.givengain.com/c/cansearch/>) and share your fundraising link with your friends and family. For companies, encourage your employees to participate in this challenge and don't hesitate to "match" the different donations!

**And don't forget to send us the videos and photos of your challenges!**

Need inspiration? Here are a few ideas for you.

- Ride around a lake by bike
- Run 5 or 10 km in a forest
- Paragliding or parachute jumping
- Juggling 5 balls at a time for a minute.
- Making a cake or pizza one meter long
- Climb a summit and plant the CANSEARCH flag on it
- Sailing from one end of Lake Geneva to the other, and back, without stopping.
- Achieve the distance of your choice on a Stand-Up Paddle without falling down
- Organize a football tournament for your children and their friends in a park
- Paint a painting on the theme of children and offer it to the one who has made the highest donation.

The CANSEARCH Foundation team is at your disposal to help you set up your great project.

A thousand thanks for your loyal and important support. It is thanks to motivated people like you that we will be able to advance medical research and cure more children, while promising them a better future!
